Consultant Profile

Adil Haris

Blockchain Specialist | Business and Technical Consulting | Training

+60-14-666-9017 | adilharis2001@gmail.com | https://medium.com/@adilharis

Based in Kuala Lumpur, Malaysia

Personal Bio

Adil is a **Computer Science graduate** with more than **4 years** of consultancy experience in the **Blockchain** and **Distributed Ledger Technology** industry.

He specializes in providing **consultancy and training services** for businesses to help architect their Blockchain-based business processes and operating models.

His technical expertise also extends to digital asset design, public or private token issuances, private and consortium Blockchain implementations, and decentralized applications development.

Adil is an active member of the Ethereum community and is also one of the winners of the global **ETHIndia hackathon** held in 2018 at Bangalore.

He is passionate about the **adoption** of digital currencies and decentralized applications, and expresses his views through his blog and keynote presentations.
